

Belintra Company Presentation

2022

Contents

1. Mission
2. Company Key Facts and Strategic Focus
3. Organization Chart
4. Social Commitment
5. Overview of the different product lines

1. Our Mission

Provide **solutions** for
safer and **smarter**
logistics throughout
different **healthcare**
departments

2. Company Key Facts and Strategic Focus

- Founded in 1965
- Headquarters
Belgium (Semmerzake)
- Subsidiaries
2014 : Switzerland (Avenches)
2015 : USA (Sales Headquarters, MN - Warehouse, SC)
- Export to 20+ markets around the globe
- Two main strategic focus points
 - Secure medication distribution (incl. locking and access control)
Pharmacy → Nursery Ward → Patient
 - Sterisystem® = Increased patient safety by reducing tears, cuts and holes
SPD/CSSD → Storage → OR

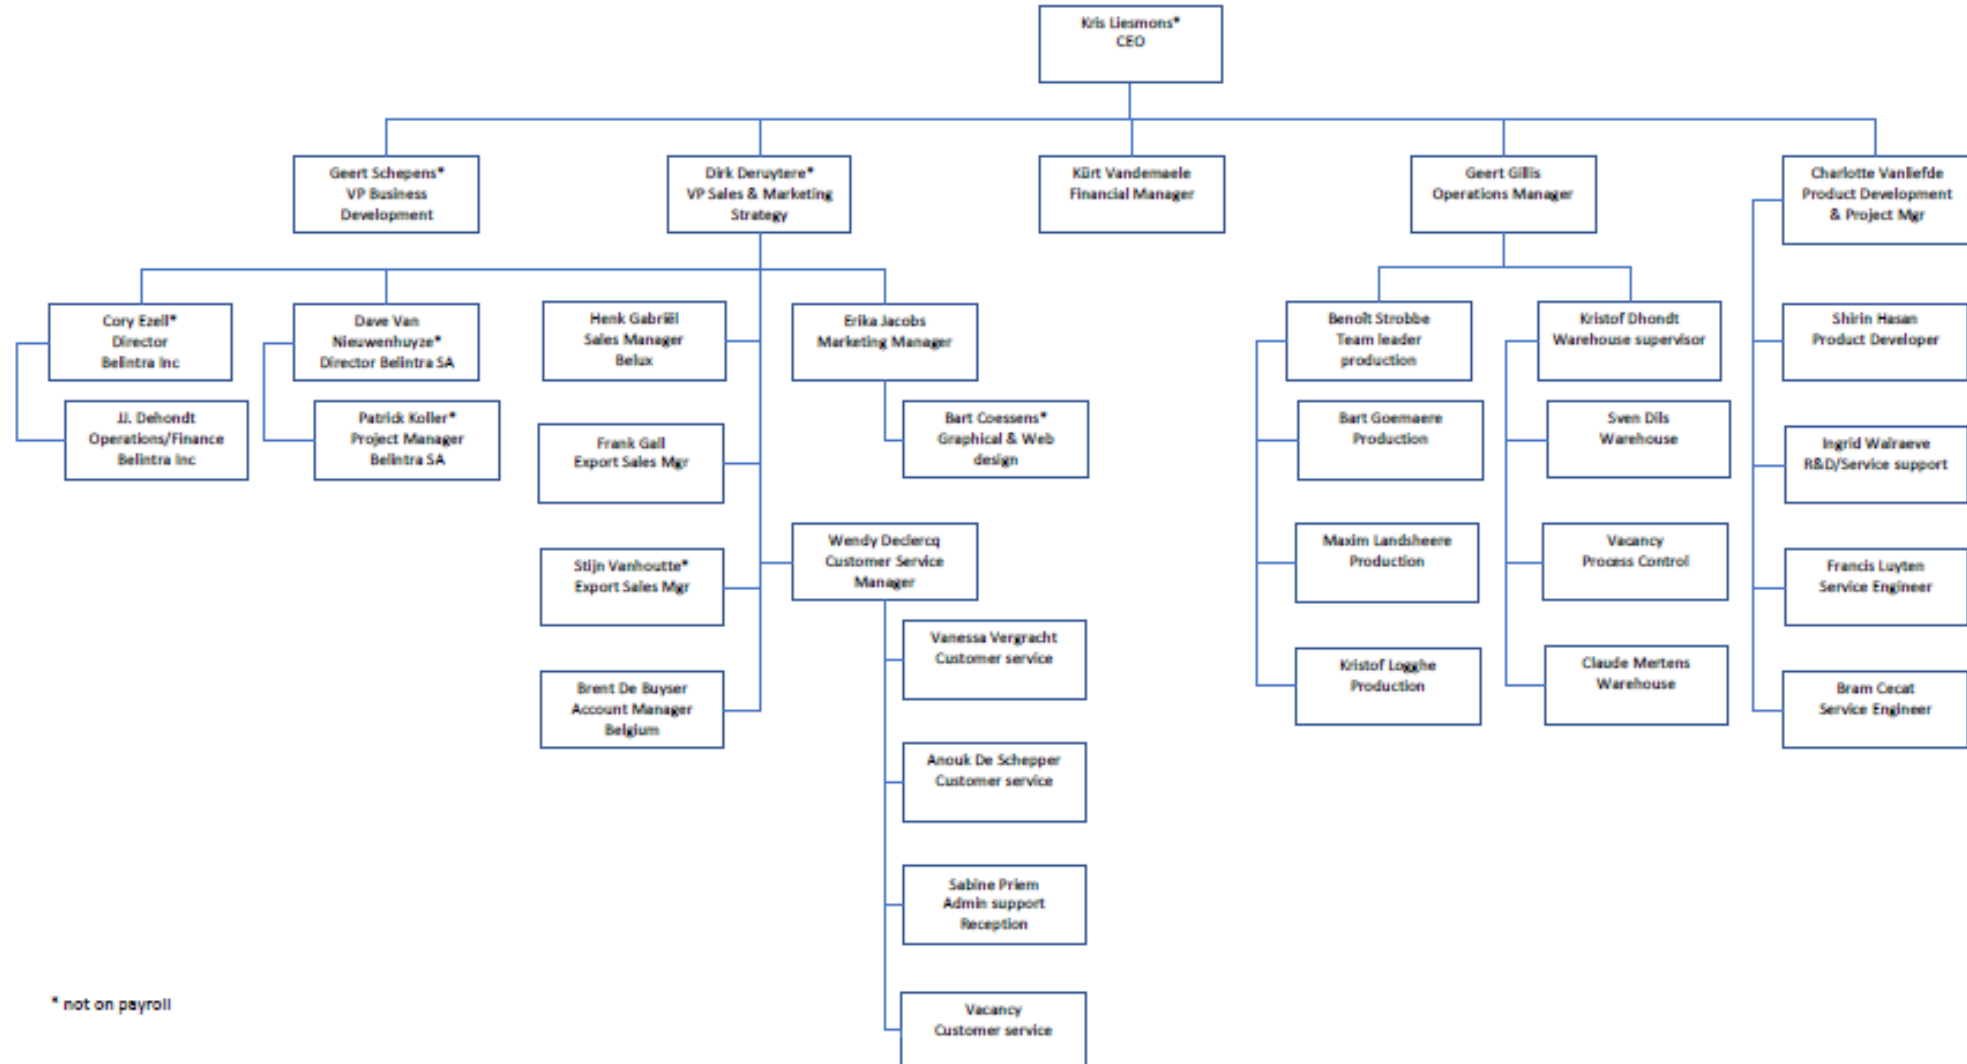

Management team

Partners (f.l.t.r.):

- Geert Schepens
 - VP Business Development
- Kris Liesmons
 - CEO
- Dirk Deruytere
 - VP Sales & Marketing Strategy

3. A lean organization with motivated employees

4. Social Commitment

- Since 2010, we have been working with the sheltered workshop WAAK.
- They do pre-assembly for various product lines.
- Final assembly is then done in our own production facility.

Solutions to handle your challenges

- Medication distribution with mobile IT and access control
- Modular Nursing and Care Carts
- Packing tables and instrument and transport baskets
- Storage systems
- Internal and external transport
- Baskets, modules and logistical accessories
- OptiScanBan®
- Laundry and waste handling

Medication distribution with IT & Access control

- Medcart Drawers Standard (with IT)
- Medcart Drawers Small (with IT)
- Medcart Roller Shutter
- Solutions for access control and locking
 - USB controlled (unique dual-zone locking)
 - Keypad
 - Badge
 - Electronic number lock

A complete range of qualitative medication distribution trolleys

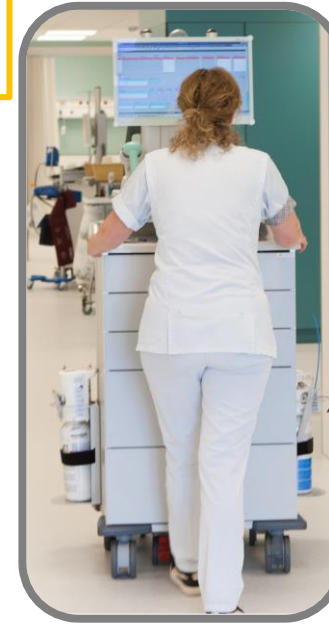

Mobile Workstations

1. Roll-IT

- Standalone or in combination with Medicart

2. Powered IT Cart

3. Laptop Carts

The most flexible configurations for mobile IT

Modular Nursing and Care Carts

- Open modular care trolleys for modules 600 x 400 in various sizes
- Closed modular care trolleys for modules 400 x 300
 - Without door
 - With transparent door and number or badge lock

Een divers gamma wagens voor zorgverstrekking

CSSD/SPD & OR: a complete range to guarantee a sterile logistics flow

- Sterisystem® Dry-Base® instrument baskets and Steri-TOP lids
- Sterisystem® Perfo-Safe® wire shelves and baskets
- Height adjustable packing tables

Ergonomic and hygienic solutions for CSSD/SPD and OR

Storage Systems

- UBeFlex® modular open storage system
- UBeTrack™ high-density storage
- Modular Cabinets

Storage systems and solutions for every department

Internal Transport

- Open stainless steel Stericart
- Closed stainless steel Stericart
- Closed aluminum trolleys
- Roller shutter transport carts
- Intrabox roll containers

Extern Transport

- Closed stainless steel transport trolley with extra reinforcements

Transport solutions for sterile and non-sterile goods or medication

Baskets, Trays and Logistical Accessories

- Modular PC or ABS baskets
- T-clear, Vita and Medina medication trays
